Chengdu a model for Chinas Innovation path How could Chengdu, in less than a decade, transform from an underdeveloped inland city to become the leader in urban rural integration, home to ultra modern high tech parks and host to more than 200 of Fortune 500 companies Two years of the authors research have resulted in the theory of the Chengdu Triangle: property rights reform, equalization of public service, grassroots democracy, and in the core, respect for individual rights. A holistic, service oriented and innovative spirit enabled Chengdus government to simultaneously work on social, economic and legal change.
