This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This centennial edition is the first and only version to incorporate Stein's own handwritten corrections found in a first-edition copy at the University of Colorado as well as corrections discovered among her papers at the Beinecke Library at Yale University.
