Waterworld meets Point Break as Kavika, an under-sized boy living in the floating Sargasso City - jigsawed together with ships, submarines, barges and oil tankers off the coast of what was once known as California, must strive to overcome his lowly status and the condemnation of his peers in order to save his city from an enemy living within. Survivors of the Cull, a Plague that wiped out people without the blood type O-neg, struggle in the floating Sargasso City jigsawed together with ships, submarines, barges and oil tankers off the coast of what was once known as California.
