During period of generational change, the company offers both the incumbent and the successor a great challenge. This sensitive issue thus has to be conducted with careful planning because it is one of the most critical phases in the life cycle of a company, with a lot of chances and risks linked to the process. Further successions are also complicated, with half of established family run companies successfully reaching the second generation stage, but only around three or four percent successfully mastering the handover to a third generation. The causes of these succession issues are varied, and the challenges they create will be investigated in this piece. As such, further research is needed in this...
