

## Practical Merchandising Math (Paperback)

By Leo Gafney

John Wiley Sons Inc, United States, 1996. Paperback. Book Condition: New. 234 x 186 mm. Language: English . Brand New Book. It's easier than you think to perform every retail math calculation quickly, accurately, and with confidence. Mathematics is an essential tool for determining every financial arrangement important to a retail business. Whether you're buying merchandise, figuring business expenses, pricing merchandise, or recording transactions, a solid working knowledge of practical calculating procedures is indispensable. But don't worry, we're not talking algebra, trigonometry, or calculus--just simple arithmetic you can perform using a calculator. Practical Merchandising Math helps you teach yourself all the math you need to succeed in the retail industry. You'll learn to calculate markon, markup, and markdown; plan net sales, purchases, and stock turnover; and determine expenses and gross margin. You'll also learn the meanings of important terms and discover how the four retail areas where math is required--buying, selling, expenses, and record-keeping--are interrelated. This easy-to-use guide covers all financial considerations relevant to costing and pricing merchandise. Includes sample calculations with solutions. Features handy, quick-reference charts for standard markon percentages. Presents material in short sections followed by self-check practice exercises. Don't let...
