iUniverse, United States, 2006. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.It is 2009 and North Korea has purchased four outdated submarine launched ballistic missile boosters from a French company tasked with destroying the rockets. Because they are not a weapon in and of themselves, international law governing the sale of strategic weapons cannot prevent the acquisition. Both the US and Canadian governments however, know too well what the unstable North Korean leader intends for the rocket boosters in light of his failure to successfully launch a missile of his own. When a carefully planned covert mission to intercept the rockets unravels due to mechanical problems with the ultra quiet spy submarine USS Jimmy Carter, a replacement must be found and quickly! The surprising solution comes in the form of a Canadian submarine. Commander Michael Simpson, nearing the end of his career with the Canadian navy has few doubts concerning his untried boat s capabilities, and he knows that his crew is the best out there. The only answer to his orders is the same one that has echoed throughout the history of one of the world s best-trained navies; ready, aye ready . The author takes the reader on a thrilling adventure as the officers and crew of HMCS Corner Brook undertake a mission fraught with danger.
